I got a letter from my baby
She said she's comin' home today
I got a letter from my baby
She said she's comin' home today
Oh well, my baby wasn't lyin'
She was comin' home to stay

[Chorus]

Sugaree, sugaree
Sugaree, sugaree
Sugaree, sugaree
Don't you know I love you so

I got a pencil and a paper
And I sat right down to write
I got a pencil and a paper
And I sat right down to write
I said I miss you in the daytime
But I miss you more at night

[Chorus]

Oh well, I met her at the station
She had her baggage in her hand
Oh well, I met her at the station
She had her baggage in her hand
I said I love you pretty baby
I'll make you happy if I can

[Chorus 2x]
