Search me O' Lord
And seek out my heart
Surround me with Your Spirit
And never be apart

O' where can I go from Your Spirit
And where can I go from Your presence
As high as the heavens to the deepest sea
O' Lord, You are there

Chorus:
How great is Your love and Your mercy for me
With every breath I take I will worship
Lead my way, I pray
Lord I surrender
How awesome Your presence
Your glory I see
I bow down before You in worship
I will wait on You
Lord I surrender
