Take everything that you gave  
When things were nice.  
Break everything Â–  
If it makes you feel all right.

With the distance  
From what we solidified,  
I can see things  
That before I tried to hide.

CHORUS:  
'Cuz I'm here,  
And you're there  
All alone.

Sometimes I can't stand  
The thought of chalkin'  
What we built up as a loss.

When you need me,  
And I need you just the same,  
All our problems seem  
To burn up in flames.

CHORUS 2X

Instrumental verse.
