Somebody asked me  
What it really mean to be true  
Somebody tell me  
Tell me what it mean to you  
You can't find it in a TV screen  
You can't read it in a book no  
You won't see it in the future  
No matter how hard you look ya'll  
You know truth ain't hard to find  
You know sitting deep inside  
And that truth can be in disguise  
You don't have to go far  
Truth is right where you are  
Somebody asked me  
What it really mean to be true  
Somebody tell me  
Tell me what it mean to you  
You're trying to find it in the government  
ya'll  
And look for it in the courthouse too  
You try to speak it in the cell phone ya'll  
Waiting to hear it on the radio news

You can't find it in a whisper  
You can't find it in a shout no  
You can't find it in a schoolyard  
They sing about it in the church house  
I said truth  
Getting hard to find  
You know truth  
Somewhere deep inside  
You know truth  
It'll change your mind  
And truth  
It may be in disguise  
You don't have to go far  
Truth is right where you are  
Got to got to got to got to got to got to  
Gotta have a little truth now  
Little truth now  
How bout a little bit of

How bout a little bit of  
Just a little bit of truth now  
Somebody somebody somebody tell me  
(truth  
can't hide it  
truth  
can't fight it)
