You knew me
Even as a child I heard
You call me closer
Clearly like a song I've always known

You would play for me

Like the breaking of the dawn
Everyday I long for more of You

Where would I be without Your love
Where would I be without Your hand
On my life

Lifted
Through the valleys
Through the pain
I know You're with me
Carried
Like I'm dancing in the rain
You cover me

Then You catch me when I fall
As we walk this gift of Life
I need You

Where would I be without Your love
Where would I be without Your hand
On my life

Forever
I will follow You
I will live for You
Forever
I will worship You
I will follow You
Forever
I will live for You
I will worship You
Forever

Will You dance with me again
For I can only live this life
With You

Where would I be without Your love
Where would I be without Your hand
On my life

Where would I be without Your grace
Where would I be without Your refuge
Over me
