yeah she moves so slowly
like a lover's breath
hoping i can hold it down and stand
but the aches and shakes don't seem to let up, oh no
no
oh i got so many questions and
she got all the answers for me now
oh i don't believe it
no i don't believe her now

one more hope for tomorrow
one more kiss to forget you
just what will bring us down
keeps us together remembering
it's so easy to forget

she moves so slowly
like lover's breathe
hoping i can tear down the walls and breathe
but i never knew
oh what this girl could get into
oh i got so many questions and
she got all the answers for me now
oh i don't believe it
no i don't believe her now

one more hope for tomorrow
one more drink to forget
just what will bring us down
keeps us together remembering
it's so easy to forget

when i'm inside her you know i don't think twice
when she's in my blood you know it feels so nice
shaking in the morning like i've been kicked all night
when she's in my blood you know it feels so nice
shaking in the morning like i've been kicked all night
sneaky sneaky serpant with those tricks up your sleeve
lips like licorice but you can't catch me
deep between the covers listening to her heartbeat,
yeah

till defeat and surrender of what's being covered up
cause i dont wanna give up what's little left of my luck
so many opportunities that are boarded up and deftly
put away
oh you move so slowly i can't even feel it moving oh no
no no no

she moves so slowly i can't believe it now 7x
