Here we go
You said you don't want to go out, not no more
There is nothing i can do to make me
Nothing to do to save me
And i don't know why
I can't contain myself
But i don't know what you said
That last night you were at my house
And now i'm going out by myself
There is nothing i can say or do
There is nothing i can try to hide
No reason i should try to lie to you
Because you can always see it in my eyes
I just don't know why i just can't help myself
It had to be that way
No one can fix my head
Not you, not me, not him, not anybody else now
And you say more
Said you wanted more now
And you say more
Said you wanted more now
