We've Arrived! And to prove it we're here  
We've Arrived! And it's suddenly clear  
that we're here to stay  
for more than a day  
maybe a week or a year!

We've Arrived! And to prove it we're here  
We've Arrived! And to prove it we're here  
We've Arrived...

>From thirty thousand feet above the ocean  
flying high in the sky  
To thirty thousand fans showin' their devotion  
hear them scream and cry!

We've Arrived! And to prove it we're here  
We've Arrived! And it's suddenly clear  
that we're here to stay  
more than a day  
Hey! Maybe a week or a year!

We've Arrived! And to prove it we're here  
We've Arrived! And to prove it we're here  
We've Arrived! And to prove it we're here  
We've Arrived! And to prove it we're here We've  
Arrived...
