We've Arrived! And to prove it we're here
We've Arrived! And it's suddenly clear
that we're here to stay
for more than a day
maybe a week or a year!

We've Arrived! And to prove it we're here
We've Arrived! And to prove it we're here
We've Arrived...

>From thirty thousand feet above the ocean
flying high in the sky
To thirty thousand fans showin' their devotion
hear them scream and cry!

We've Arrived! And to prove it we're here
We've Arrived! And it's suddenly clear
that we're here to stay
more than a day
Hey! Maybe a week or a year!

We've Arrived! And to prove it we're here
We've Arrived! And to prove it we're here
We've Arrived! And to prove it we're here
We've Arrived! And to prove it we're here We've
Arrived...
