Oh you never give and
your gonna love her breath.
yeah that's my reflection
that your heart will mime,
Took off your satchel,
and shot my only friend.
Without connection, we said goodbye.
oh cut the memory,
make it short and sweet,
oh can't just feel it when you lied two times,
oh thought I could leave her but she caught up with me,
once you feel empty there's nothing to hide.

oh it's alright,
yeah, it's about time,
my lover girl, I told you so,
yeah it's alright,
now it's about time,
my baby girl, I told you so.

oh I say I never fall,
now your gonna learn to fly,
planting the secret, if they only knew,
and cut the hold, I dream goodbye,
the days I died, not ok if I'm alive.
Fit to be free, bitter fool,
got to fit in, nothing left inside,
oh how I love to, how I love to soar,
life goes by swiftly, just don't let it die.

oh it's alright,
yeah, it's about time,
my lover girl, I told you so,
yeah it's alright,
now it's about time,
my baby girl, I told you so.

Apparition, Apparition,
never without,
baby never get out,
no you never care.

Apparition, Apparition,
never without,
baby never get out,
you never care.

Ohhhhhh

Apparition, Apparition,
never without,
honey never get out,
no you never get,
Apparition, Apparition,
never get out,
baby never get out,
you never get,
oh you never get out.
