innocence is so far away  
let's rock when i said that you walked away from you  
that one day  
i couldn't understand no more now  
and i know that you will never be the same girl  
that i met so long ago  
all the time that i spent thinking  
maybe you would quit your drinking  
it's just not your time  
all the time that i spent weeping,  
promises that you weren't keeping  
it's just not our time, no more  
*[Chorus]*  
how could you say what you said  
i don't know what is wrong, i can't explain it  
how could i say what you wanted to  
i don't know what there is to say,  
but now there is nothing left

left for me and now there's none for you  
i'm not quite sure, maybe will be something soon

go!  
and i know that you will never be the one that i want  
and that's why i cry  
you are just, just a stupid little girl  
that i once knew and now you try  
all the time that i'm forgetting,  
all the things that your regretting  
it's just not my style  
all the time that i spent weeping,  
promises that you weren't keeping  
it's just not our time, never more  
go!go!go!go!go!go!go!  
*[Chorus]*  
innocence is so far away  
innocence is so far away
