Now America's got a brand new war
Can anybody tell me what we're fighting for?
Time to manufacture the illusion of safety
Don't fear, just consume to uphold the economy
Yeah we always buy everything that they're sellin'
Everything that they're sellin'

--

Payin' for the bombs that fall on our children
Now we're headed for our own demise
Dreaming of another mushroom cloud horizon
And that's the bottom line
So it's time to cancel my subscription
I just can't stomach anymore of their lies
Violence equals violence and its no solution
And that's the bottom line

--

Now turn on the radio and hear what it's sayin'
Another hollow candy coated melody about nothing
Easier to sell it don't require you to think
Dumbed down drool, a façade suck-cess
We're still buyin' everything that they're sellin'
Everything that they're sellin'

--

Now I'm lookin for the truth and solid meaning
So I can scrape the glass of both of my eyes
Stuffed to the gills with a false sense of substance
And now I realize
So its time to cancel my subscription
I just can't stomach anymore of the lies
Wealth the spectacle of a greedy solution and that's
the bottom line

--

Now I'm not buyin' anything that they're sellin'
Not givin' in this time

--

Payin' for the bombs that fall on our children
Now we're headed for our own demise
Dreaming of another mushroom cloud horizon
And that's the bottom line
So it's time to cancel my subscription
I just can't stomach anymore of the lies

Violence equals violence and its no solution
And that's the bottom line
Its the bottom line
Its the bottom line
