I don't believe in satan  
I guess that means I'm heathen  
I don't know the reason you come and join this season  
Why is it at christmas  
It can feel so damn cold  
And I think that it's because there is no you to hold

[Chorus]

And well I don't know why we'll find it  
And I don't know where we'll find it  
But maybe someday you'll find it soon  
And I don't know how we'll find it  
And I don't know when we'll find it  
One thing that I know is just that all I want for christmas  
is you

I do believe in santa  
I do not think he's fantasy  
How else do, do I explain the half eaten cookies

[Chorus]
