My bluebird, my blue bird can fly as far as I can see
My bluebird has everything I need
My bluebird, my bluebird knows my deepest desires,
My bluebird, my bluebird will catch me just before the
fire.

Chorus:

I'm down on the river baby, but I'm stuck on the other
side love,
From a rope my heart is hanging, water rises on a
lonely soul,
And I'll take my chances breathing, ain't never gonna
hold my breath,
Because I know if I stay waiting, my bluebird is gonna
bleed to death.

My bluebird, my bluebird wing can fly above it all,
My bluebird will help me stand and be strong,
My bluebird, my bluebird will never beg upon a knee,
My bluebird, my bluebird knows I need to believe

Chorus: repeat

My bluebird, my bluebird knows my deepest desires
My bluebird, my bluebird will catch me just before the
fire

Chorus: repeat
