I've been paying them road house dues
Since I was a young boy
Drifting and ramblin' with my old man
Searching around for that West Texas oil

Chorus:

Well ain't nobody know
Where I'm gonna go
Ain't nobody know these here gypsy roads

Straight out them bad lands well I come a runnin'
Out of New Mexico
Eighteen wheelers and freight trains and pump jacks
Well hell I rode upon

Chorus: repeat

Mr. Armadillo don't stand in my way
I ain't gonna stick around here
I don't know why I can't fly this gypsy ride
On out the cosmic cowboy atmosphere
