Here I go again  
Straight up out the motel  
Hock my guitar out of a pawn shop jail  
If I quit, I'm just rolling the dice  
Couldn't pass up the red beans and rice  
Singing

Chorus:  
Oh, my my  
See them girls shake their ass  
Underneath the sunrise  
Oh, my my  
Taste the sugar on their lips  
Underneath that moonlight

Well I've never met the devil with a one-eyed dog  
You can lead a blind man out of Vietnam  
Everybody's beggin, everybody wants a chance  
Stuck in a storm, we'll do a rain dance

Chorus

I'm taking my chances  
I'm taking my sins  
Throwin' 'em down the hill and I'll watch 'em come  
around again  
Watched 'em fall, watched 'em rise up to the sky  
A hundred miles an hour across the river to the other  
side

Chorus
