Tell me what you need
You know it's on your mind
You say he's usually
Screwin' up your life
He's always gone
When you need to talk
It's just so wrong
I wish you'd wonder

Love is it enough
I'll be your shelter when the weather is rough
Oh you should let go
I'd let you love me
Like I was in your heart
Just trust like I was there from the start

I'll tell you what you need
A man more like me
It's not a fantasy
You can have everything
You can be loved
And it's time you know girl
You've had enough

I wish you'd wonder

Love is it enough
I'll be your shelter when the weather is rough
Oh you should let go
I'd let you love me
Like I was in your heart
Just trust like I was there from the start

So much left just look
It's time you leave

Love is it enough
I'll be your shelter when the weather is rough

Love is it enough
I'll be your shelter when the weather is rough

Oh you should let go
I'd let you love me
Like I was in your heart
Just trust like I was there from the start
