Today's chasin' me around
I go crazy when you're outside of my world
When you're outside of my world
No sounds singing me to sleep
I don't wonder when to breathe
Just be with me
Just be with me

I feel forty kinds of sadness when you're gone
I feel the same thing always happens when you're gone
I know you're just around the corner..just around the corner
It's not enough
That's not enough

My eyes are waiting at the door
Just like everytime before
Time flies so slow
Time flies so slow

I feel forty kinds of sadness when you're gone
I feel the same thing always happens when you're gone
And I know you're just around the corner..just around the corner
It's not enough
That's not enough
It's not enough

I don't why it's not enough
I miss you all the time
And I know you kinda like it..

I feel...yeah...forty kinds of sadness
Oh...when you're gone
I feel forty kinds of sadness when you're gone
I feel the same thing always happens when you're gone
I know you're just around the corner..just around the corner
It's not enough
