A photo can say a thousand things
But it can't say the million things I wanna say
A photo can capture the way we were
But it can't capture the way we are
'Cause you're far away
What it's like to know you
What it's like to touch you

When you told me that you loved me
Were those just words
You can't tell me you don't need me
And I know that hurts
'Cause I'm looking at your picture
'Cause it's all I've got
Maybe one day
You and me will have one more shot

Timing lost minutes and moments
And I might be lonely girl
But I'm not afraid
In a second
It all comes right back to me
Nothing's forgotten now
Yeah everything's saved
What it's like to touch you
What it's like to know you

When you told me that you loved me
Were those just words
You can't tell me you don't need me
And I know that hurts
'Cause I'm looking at your picture
'Cause it's all I've got
Maybe one day
You and me will have one more shot

You were my life
You were my faith
You gave me hope every day

When you told me that you loved me

Were those just words
You can't tell me you don't need me
And I know that hurts
'Cause I'm looking at your picture
'Cause it's all I've got
Maybe one day
You and me will have one more shot
