I've got a message,
And there's no time to lose,
So listen closely,
Tonight we'll find out the truth,

Let's do this quickly,
Just take the money and run,
My car is waiting,
We are still sheltered from sun.

I've got a message,
And there's no time to lose,
So listen closely,
Tonight we'll find out the truth,

Let's do this quickly,
Just take the money and run,
My car is waiting,
We are still sheltered from sun.

Get your guns
Our time is up
Come on
'Cause now it's time to run
We gotta make it out tonight
(X2)

Girl keep your head up,
We've still got miles to go,
Were lead by starlight through,
The rain and the snow,

The spell is broken
As the night angel cries
I feel it come and I see,
The white in your eyes,

Get your guns
Our time is up
Come on
'Cause now it's time to run

We gotta make it out tonight
(X2)

Everything seems to fall into place
When you put your hand in mine it's like we're flying
through space,
Keep your tough? put your heart in my hands,
Don't you stress your pretty head it's all going to plan,

I feel like I can't breathe,
You need to open your eyes to see the beautiful
sunrise,
Don't be scared of your destiny,
I swear I'm never gonna let them take us alive,

Get your guns
Our time is up
Come on
'Cause now it's time to run
We gotta make it out tonight
(X2)
