"I Shoulda Kissed U"

Tried to forget
I'm sick of regret
I can't please them all
The winter you left
We sat on the steps
The scene, it repeats in my head

I'll leave the light on for you
I didn't know how much you brought in to
My life

I shoulda kissed you
I shoulda touched you
I shoulda told you everything
All we could be
And I can't let it go
I shoulda kissed you

Deep down I know
How it should go
So I leave a little jar full of hope
But reality
It's raining on me
And of course I forgot my coat

I'd turn the world to see you
Do you know how much you brought in to
My life

I shoulda kissed you (up until you walked away)
I shoulda touched you (think about it every day)
I shoulda told you everything
All we could be
And I can't let it go
I shoulda kissed you (up until you walked away)
I shoulda touched you (think about it every day)
I shoulda told you everything
All we could be
And I can't let you go

Na na na na
Na na na na na
Na na na na .. na
Na na na na
Na na na na na
Na na na na .. na

Shoulda kissed you
I shoulda told you

I shoulda kissed you (up until you walked away)
I shoulda touched you (think about it every day)
I shoulda told you everything
All we could be
And I can't let it go
I shoulda kissed you go (up until you walked away)
Yeah (touched you ... think about it every day)
I shoulda told you everything
All we could be
And I can't let you go

I shoulda kissed you
