Eight years later  
Time goes by fast  
Got my memories  
And they will last  
I try to keep it simple  
'Cause I hate goodbyes  
I try to keep it simple by  
Telling myself that

I... I will remember you  
And all of the things that we've gone through  
There is so much I can say  
But words get in the way  
So if were not together  
I will remember you  
I will remember... you

We're a picture  
In my mind  
When I want to find you  
I just close my eyes  
You'll never be that far from me  
So don't say goodbye 'cause  
You'll never be that far from me  
I'm telling myself

I... I will remember you  
And all of the things that we've gone through  
There is so much I can say  
The words get in the way  
So were not together  
I will remember... you

You were there when I needed a friend  
Thank you thank you  
I never told you how much that meant  
Gotta thank you thank you

I... I will remember you  
And all of the things that we've gone through  
There is so much I can say  
The words get in the way

So

I... I will remember you  
And all of the things that we've gone through  
There is so much I can say  
The words get in the way  
We're not together  
I will remember you  
We're not together  
I will remember you

I will remember... you
