I know you wanna talk
And tell me about your day
But I keep wanderin' off

Ooh, how your hair
Falls in front of your face
While you try to keep it up

I've always paid attention to your point of view
But now I want to focus on the rest of you

Shame on me, wantin' you
The way I fantasize about
What I'd give, what I'd do
I just want to work you out
Times like this, I'm so glad that you can't read my mind
Shame on me, another time

Please don't walk away
I'm only driftin'
'Cause you look so good tonight

Now that we're alone
It's so hard to listen
You know you got me mesmerized

I've always paid attention to your point of view
But now I want to focus on the rest of you

Shame on me, wantin' you
The way I fantasize about
What I'd give, what I'd do
I just want to work you out
Times like this, I'm so glad that you can't read my mind
Shame on me, another time

Shame on me
Dedada dadada
Shame on me
Dedada da dedada
Shame on me
Dedada dada

Shame, shame, shame on me

I've always paid attention to your point of view
But now I want to focus on the rest of you

Shame on me wanting

Shame on me, wantin' you
The way I fantasize about
What I'd give, what I'd do
I just want to work you out
Times like this, I'm so glad that you can't read my mind
Shame on me, another time

(Ahh)
Shame on me, wantin' you
The way I fantasize about
(Ah haa)
What I'd give, what I'd do
(Shame on me)
I just want to work you out
(Shame on me)
Shame on me, wantin' you
(No ohh)
The way I fantasize about
(Shame on me)
What I'd give, what I'd do
(Yea eee yea, shame on me)
