She looks into my eyes, I'm alive again
And when she says goodbye, I just die again
That's when my restlessness begins
Please don't let it win
I'm so tired again
But underneath the haze
One thing still remains the same

She's the only love I've known
And now she's gone away
She's the light that brought me to the edge
Will I ever love again?

She walked into my life and my world was still
She reached into my soul and all my doubts were killed
That's when my loneliness subsided
She gave me the will
I could fight it
But nothing can erase the one thing that remains the
same

[Chorus]
She's the only love I've known
And now she's gone away
She's the light that brought me to the edge
Will I ever love again?

So just tell me what I should do
I left everything for you
And I can hardly breathe
'Cause I know I lost you from my world
From my...

[Chorus]
She's the only love I've known
And now she's gone away
She's the light that brought me to the edge
Will I ever love again?

She's the only love I've known
And now she's gone away
She's the light that brought me to the edge

Will I ever love again?
