I'm not to certain of  
The things that I say  
You're always laughing at me  
Every mistake I make  
Well I don't believe in  
Everything that you do  
It's just a minor situation  
That makes me love you  
Forever, I can never begin (begin)  
Begin to tell you  
I'm falling in your clouds  
Of heaven today, today here right now  
I'm in love with you, I'm in love with you  
Don't you know that my love is true  
When tomorrow has begun,  
Well yesterday is gone, yesterday's gone

Well I'm never certain love  
Now you should know that  
We'll take one step at a time  
Don't want to take it too fast  
I didn't think, that what they said was true  
Feel like I won my whole life  
When I wake up with you  
Forever, I can never begin (begin)  
Begin to tell you  
I'm fallin in your clouds of heaven today (today)  
Today, right now  
I'm in love with you  
I'm in love with you  
Don't you know  
All my love is true  
And when tomorrow has begun, well now  
Yesterday is so far away  
And I don't want to lose you again, my love  
And if it takes me  
All my days  
I'll wait i'll wait  
Cause i'm in love with you  
I'm in love with you  
Don't you know  
how my love is true

Cause i'm in love now  
I'm in love with you  
(starts to fade)  
Im in love with you  
Im in love with you  
Im in love with you  
Im in love now  
Im in love with you  
Im in love with you  
Im in love right now  
Im in love with you  
Im in love with u...  
When tomorrow has begun  
Yesterday has gone away
