I love the way you look, when you first wake up  
When the sun hits your face, before your make-up  
And last night,...it couldn't have been better, we  
danced beneath the sheets "Your lips were sweet,  
we're living in a day-dream "spread your  
wings and fly  
the universe is yours  
for you are the queen  
of everything  
for beauty makes the rules  
serenade me softly "sing me to sleep  
in our beautiful dream

my lips are yours forever more  
oh kiss me sweet love  
my heart for you  
and everything you do  
You're beautiful, beautiful

I love it when we touch, you're captivating me  
As we dance beneath the rain, you're everything I  
breathe  
swing, swing, swing, let the rhythm take your heart  
Dance into the heavens and soar around the sun

There you are up high  
You're the glory in the sky  
The stars twinkle for you  
My angel

my lips are yours forever more  
oh kiss me sweet love  
my heart for you  
and everything you do  
You're beautiful, beautiful
