Let's take this to the finish line, cause I
Might be blinded, blinded by the truth,
Of all reality, let's draw a fine line,
Between my time, and free love, and free love,
Well it's fucking cruel.

Didn't Know You Were In The Business
With some guy you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this
Didn't Know You Were In The Business
With some fuck you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this.

We caught your right on the spot,
this plot and his car
Lining up in our driveway, I don't know who you are
And all the time these lines, lining up in my head
I'm counting them all,
I'm staying up, I'm staying up in bed.

Didn't Know You Were In The Business
With some guy you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this
Didn't Know You Were In The Business
With some fuck you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this.

My head on the wall spinning,
Over these sins,
I can't help but feel sorry,
Another night like this
I can't take all the screaming,
Screaming it's fine,
I hear the same line, I hear the same lines,
They're all fucking lies

Didn't Know You Were In The Business
With some guy you met on Craigslist

Didn't know you were in the business,
I didn't know, I didn't know this
Didn't Know You Were In The Business
With some fuck you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this.

We're not losing you
You're losing us
We're not losing you
You're losing our trust
We're not losing you
You're losing us
We're not losing you

Didn't Know You Were In The Business
With some guy you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this
Didn't Know You Were In The Business
With some fuck you met on Craigslist
Didn't know you were in the business,
I didn't know, I didn't know this.
