Well I like to stand behind you
And watch you move
And you turn and smile at me
I have to think to breathe
And with a kiss you send me away
Into the galaxies for the day

And to the days that you're with me.
Well I'd like to run away with you.
Take my hand I swear that will make it.
We'll cross this ocean, just us two.
And if not forever you're with me.
Well than not forever I will be.

Well I like to look in your eyes
As blue as the skies
And I like to be within your reach
Not far away
And to the days I don't see you
Well there the worst
Well I hope for them to end sooner.
