Blood and Iron,
Money and Oil,
Greed and ignorance,
We will fall

Paths of victory,
The town went down.
Destroyed the city,
Revenge they call.

War is brewing,
Bring them home.
Bring us together,
Love we hold.

Put down power.
Put down rage.
Put down ignorance.
Kill hate!

We're going round the world around the world.
Peace around the world, around the world.
We're going round the world around the world.
Love around the world, around the world.

Segregated my difference,
Class by race.
Split up my religion.
Set apart my hate.

Some use violence,
Or death by words.
Child are crying,
People get hurt.

Judged by beauty,
Or intelligence.
Judged by anything,
But the soul within.

Put down power.
Put down rage.

Put down ignorance.
Kill hate!

We're going round the world around the world.
Peace around the world, around the world.
We're going round the world around the world.
Love around the world, around the world.

Love, Love, Oh yeah.
Love, Love, Oh yeah.
Love, Love, Oh yeah.
Love, Love, Oh yeah.
Put down power.
Put down rage.
Put down ignorance.
Kill hate!

We're going round the world around the world.
Peace around the world, around the world.
We're going round the world around the world.
Love around the world, around the world.
