(Verse 1)

Saddle the horses
We're gonna tear down some fences
Ride off into the sunset and never regret it
Lock up your women
And break out the whiskey
The boys are comin' to town to start a party

(Chorus)

We're gonna ride all night
Till we can't find our way back home
Till the mornin' light
We're gonna ride, all night long

(Verse 2)

Holster your pistols
You better not try to cross us
If you do you'll wind up face down in the dust
Chug on that moonshine
I hope ya'll are ready
We're gonna show you something you ain't never seen

(Chorus)

We're gonna ride all night
Till we can't find our way back home
Till the morning light
We're gonna ride all night long

When the night is dark and silent
It's just the calm before the storm
We'll come whippin' through like a whirlwind
And be gone before the morn'.
Now you're welcome to come along
If you think that you can
Let me warn you little partner
We ain't gonna hold your hand.

(Chorus)

We're gonna ride all night
Till we can't find our way back home
Till the morning light
We're gonna ride all night long

(Chorus)

We're gonna ride all night
Till we can't find our way back home
Till the morning light
We're gonna ride all night long
