

Age Of Electric "Hypocrite"

Don't give a damn, I don't care
Don't give a fuck, Unaware
Got no remorse, Got no concern for no one
You watch my conscience fading, Sharp is my tongue
Ignore my words, Words can hurt, My Freudian slip
Look in my eyes, You'll read my lies
I'm the hypocrite
All fears dissolve, Problem solved
Not my concern, My words burn
Mine to regard, Shades of regret they linger
Got no regard for no one, Lash out in anger
Ignore my words, Words can hurt, I'm so full of shit
Look in my eyes, You'll eat my lies
I'm the hypocrite, I'm the hypocrite
I mean no harm
