What happened to the make believe?  
It's escaped.  
I felt it rise above me and, fly away.  
What happened to the world around?  
It's changed.  
Well I didn't see it leave but it's, gone away.

I'm forty-seven feet above the ground,  
And I'm fallin'.  
So could you be the one to slow me down?  
When I'm callin'.  
I'm forty-seven feet above the ground,  
And I'm fallin'.  
Forty-seven feet above the ground.

What happened to all my mistakes?  
They're the same.  
I tried to throw 'em all away,  
Into space.  
What happened to all the choices, we made?  
'Cause it could be just one thing that changes,  
everything.

I'm forty-seven feet above the ground,  
And I'm fallin'.  
So could you be the one to slow me down?  
When I'm callin'.  
I'm forty-seven feet above the ground,  
And I'm fallin'.  
Forty-seven feet above the ground.

'Cause every time it feels just like the same thing,  
again  
And even if I try to fight it I feel like, yeah, yeah.

I'm forty-seven feet above the ground,  
And I'm fallin'.  
So could you be the one to slow me down?  
When I'm callin'.  
I'm forty-seven feet above the ground,  
And I'm fallin'.  
I'm forty-seven feet above the ground, yeah, yeah.

I'm forty-seven feet above the ground,  
And I'm fallin'.  
Could you be the one to slow me down? yeah, yeah  
I'm forty-seven feet above the ground,  
And I'm fallin'.  
So could you be the one to slow me down? Oh yeah.

I'm fallin'.
