I'm no more hopeless than I've ever been,  
I hung up the phone and then you called again.  
You asked me if I was alright,  
But it's hard to tell when it's dark as night.  
A friend asked me just the other day,  
"What's the point to life anyway?  
'Cause I don't feel like trying anymore,  
I live my life for them just like before."

But even when the world brings you down,  
You'll find a way.  
And even when it crashes to the ground,  
You'll find a way.  
And even when there's no hope to be found,  
You'll find a way.  
I know we feel the same way.

'Cause even when the world brings you down,  
You'll find a way.  
And even when it crashes to the ground,  
You'll find a way.  
And even when there's no hope to be found,  
You'll find a way.  
I know we feel the same way.

I'm no more hopeless than I've ever been,  
I hung up the phone and then you called again.
