You Trippn, Your Mind
Mak'n me dizzy all the time
Now wait a minute
Might as well put my hand up testify
And I ain't trippn
I don't know where you get it from
It's a sad thing, what your thinking
Cause your the one I love

Do u love Me, Do U love Me, Do U love Me
Believe me girl, I know just what your think'n
Now baby girl what you think'n wheres this going
I'm gonna tell you the story this is how it went on
and(on, on, on)

I admit that I invited her for Coffee
That's all we did was Drink a Cup of Coffee
And I ain't gonna lie, We talked a little story
That got me all paranoid now I'm stuck all in my
shadow
My shadow, my shadow stuck all in my shadow

Ooh, Oh Now let me get straight to the point
No need to worry, Cause
Aint noth'n come between us
Girl Like I said before, let me say it again
If your girls got the story right
I committed no crime

Please believe me, Please believe me, please believe
me
Please believe me when I said there's nothing to this
story and

I admit that I invited her for Coffee
That's all we did was Drink a Cup of Coffee
And I ain't gonna lie, We talked a little story
That got me all paranoid now I'm stuck all in my
shadow
My shadow, my shadow stuck all in my shadow
