Wish I could keep you late at night
give you peace, peace of mind.
When I love with all my might,
don't be bereaved I'm just blind.

I won't say goodnight to you
that's not at all what you should hear.
What I speak don't misconstrue,
for my words they are sincere.

So if I'm lost somewhere
come and find me, I'll be waiting there.
For if I fall I'm gone
it takes dignity to carry on.

Wish I could keep you late at night
underneath New England skies
when two stray souls unite
it's mystery and compromise.

I am everything you aren't
and that's exactly what you need.

You've got a whole in your heart
and I will fill that vacancy.

So if I'm lost somewhere
come and find me, I'll be waiting there.
For if I fall I'm gone
it takes dignity to carry on.

I was biting
cause your lips were getting tighter
Still I'm fighting
cause I know it would excite her.
Bringing me back for something to seize
oh the world could be yours if you just said please.

So if I'm lost somewhere
come and find me, I'll be waiting there.
For if I fall I'm gone
it takes dignity to carry on.
