So you say I'm just not the same,
girl I find that hard to believe
say things just won't be the same
I'm not what I used to,
not what I used to be.

Days are leaving, boys are grieving now
love don't come around these days.
The summer sun had only begun
and the boys were just starting to have some fun
when their fathers took their car keys away.

So you say I'm just not the same,
girl I find that hard to believe
say things just won't be the same
I'm not what I used to,
not what I used to be.

So sweet she was with her footprints in the sand
followed the breeze to the edge of the land, and
buried her heart deep in this shallow world
hoping it'd be found by a man who would save her.

Excuse me miss I believe this belongs to you,
probably not who you expected but I'm alright with that
the bad things you heard are probably true
just give me a chance to show you I'm...

So you say I'm just not the same,
girl I find that hard to believe
say things just won't be the same
I'm not what I used to,
not what I used to be.
