Oh, how I miss you, wish I could kiss you
And hug you, hold you, it would be bliss to
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear

When I see you're beside me, the whole world
disappears
I wanna be your one and only, I wanna share your
hopes and fears
And cares and laughs and all your dreams
And everything in between, if you would let me be the
one

And oh, how I miss you, wish I could kiss you
And hug you, hold you, it would be bliss to
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear

Well, I knew when I saw you, that we would always be
And it's true that I love you with everything you hear
and see
And feel and know, how could you leave
I'm not a fool but I believe that fairytales happen
sometimes

And oh, how I miss you, wish I could kiss you
And hug you, hold you, it would be bliss to
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear with nothing to fear
With nothing to fear

Oh, how I miss you, wish I could kiss you
And hug you, hold you, it would be bliss to
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear

Oh, how I miss you, wish I could kiss you
And hug you, hold you, it would be bliss to
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear

Oh, how I miss you, wish I could kiss you
Hug you, hold you, it would be bliss to
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear, whoa, yeah, oh
Look in your eyes, see, they mesmerize me
And leave me with nothing to fear
