Yo yo confused but yet wise my problem surrounds me

A lot of things upset me as my soul rejects me
Enemy of my self physical.....listen, let me tell you
about..

Yo yo confused but yet wise my problem surrounds me

A lot of things upset me as my soul rejects me

Enemy of self physically enslaved

By the luxuries of this world so I behave
Like a man inside the grave

Who's life is lost
I want the promised gold but can't afford the cost

Or could I, I know the prescribed laws

Any effect is a result of the cause

Of lies and delusions to myself I have lied

Burning inside wanting to open wide

The name of the supreme
And scream

But I'm trapped in this world

Lusting for girls

Therefore I imagine a genie and a wish

But in the midst there's the answer for which i have
searched
And searching for things that just does not exist

Cause from me springs divine prince rakeem

And that is me the master of equality

With the ability

To set myself free

But b.o.b.b.y

He don't want to die,

He don't want to die he don't want to try

So I'm forced to cry

And get trapped up for living my life inside a lie

These problems surround me

A lot of things upset me

As my soul rejects me

Enemy of my self physically enslaved

By the luxuries of this world so I behave

Like a man inside the grave

Who's life is lost

I want the promised gold but I can't afford the cost

Or could I, I heard of the prescribed laws

Any effect is a result of the cause

Of lies and delusions to myself I have lied

Burning inside and wanting to open wide

And scream

The name of the supreme

But I'm trapped in this world

I'm lusting for girls

Before I imagined a genie and a wish

And I'm searching for things that does not exist

But in my midst there's the answer

For which i have searched

Cause from me springs the divine prince rakheem

And that is me the master of equality

Give myself the opportunity

And set free and be all I can be

Be all I can be

And not a nigga just trapped up in luxury

Yo bobby digital got to get knowledge of his self right now,

As we go through the struggle of life we got to go from boy to man

We start off as sperm to baby baby to man from man to dead man

And from dead man back to sand

All praises due to allah the most high word up
I got to be free I got to be free I got to break free

I got to break free I got to break free I got to break.....
