I don't believe in trouble
I don't believe in pain
I don't believe there's nothing left
But running here again

I don't believe in promise
I don't believe in chance
I don't believe you can resist
The things that make no sense

I don't believe in silence
'Cos silence seems so slow
I don't believe in energy
The tension is too low

I don't believe in panic
I don't believe in fear
I don't believe in prophecies
So don't waste any tears

I don't believe reality
Would be the way it should
But I believe in fantasy
The future's understood

I don't believe in history
I don't believe in truth
I don't believe that's destiny
Or someone to accuse

I believe
I believe

I don't believe in trouble
I don't believe in pain
I don't believe there's nothing left
But running here again

I don't believe in promise
I don't believe in chance
I don't believe you can resist
The things that make no sense

I don't believe in silence
'Cos silence seems so slow
I don't believe in energy
The tension is too low

I don't believe in panic
I don't believe in fear
I don't believe in prophecies
So don't waste any tears

I believe

I want you to try
To needing to know why
No kidding, no sin
No running, no win
I believe

No angels, no girls
No memories, no Gods
No rockets, no heat
No chocolate, no sweet
I believe

I want you to try
To needing to know why
No kidding, no sin
No running, no win

No angels, no girls
No memories, no Gods
No rockets, no heat
No chocolate, no sweet

No feeling, no harm
No dealing, no charm
The silence you feel
Which hides you from the real

I want you to try
Needing to know why
No rockets, no heat
No rockets, no rockets
I believe

No rockets, no heat
No rockets, no heat
No rockets, no heat
