Get the party started from the left to the right  
Move your body dance all night  
Get the party started from the left to the right  
Move your body dance all night

Get the party started from the left to the right  
Move your body dance all night  
Get the party started from the left to the right  
Move your body dance all night

I know a place where the mood is just right  
They got the vibe and they're pumpin' it all night  
Where the heat is high and the lights are low  
And when you want it, it's the only place you gotta go

Come on down to the party town  
And leave your reservations at the bus stop baby  
At the bus stop baby baby

Dance, dance, dance  
Come on and do it baby  
Dance, dance, dance  
Shake it up, shake it out

Dance, dance, dance  
Just keep it movin'  
On the dance floor boogie  
On the dance floor boogie-woogie

It's everywhere, it's in everything  
We're gettin' down and the whole place is movin'  
Feel the music pump, hear the vinyl scream  
Run to your mama if I scare you with my funky thing

Come on down to the party town  
And leave your reservations at the bus stop baby  
At the bus stop baby baby

Dance, dance, dance  
Come on and do it baby  
Dance, dance, dance  
Shake it up, shake it out

Dance, dance, dance  
Just keep it movin'  
On the dance floor boogie  
On the dance floor boogie-woogie

Dance, dance, dance  
Come on and do it baby  
Dance, dance, dance  
Shake it up, shake it out

Dance, dance, dance  
Just keep it movin'  
On the dance floor boogie  
On the dance floor boogie-woogie
