Everybody's got something they had to leave behind  
One regret from yesterday that just seems to grow with  
time  
There's no use looking back or wondering (or  
wondering)  
How it could be now or might have been (or might have  
been)  
All this I know but still I can't find ways to let you go

I never had a dream come true  
Till the day that I found you  
Even though I pretend that I've moved on  
You'll always be my baby  
I never found the words to say  
You're the one I think about each day  
And I know no matter where life takes me to  
A part of me will always be with you

Somewhere in my memory I've lost all sense of time  
And tomorrow can never be cos yesterday is all that  
fills my mind  
There's no use looking back or wondering (or  
wondering)  
How it should be now or might have been (or might  
have been)  
Oh this I know but still I can't find ways to let you go

I never had a dream come true  
Till the day that I found you  
Even though I pretend that I've moved on  
You'll always be my baby  
I never found the words to say  
You're the one I think about each day  
And I know no matter where life takes me to  
A part of me will always be

You'll always be the dream that fills my head  
Yes you will, say you will, you know you will oh baby  
You'll always be the one I know I'll never forget  
There's no use looking back or wondering (or  
wondering)  
Because love is a strange and funny thing (and funny

thing)  
No matter how I try and I try  
I just can't say goodbye  
No no no no

I never had a dream come true  
Till the day that I found you  
Even though I pretend that I've moved on  
You'll always be my baby  
I never found the words to say (never found the words  
to say)  
You're the one I think about each day (you're the one I  
think about each day)  
And I know no matter where life takes me to  
A part of me will always be  
With you
