Sometimes it's hard when rains pouring in
I used to worry what tomorrow would bring
Then you came along changed my world around
You gave me something to believe in when I'm upside
down

And let me say I owe it all to you and I want to thank you
For making the sun come shining through

Now that we're together, everything can only get better
Now that you're around me, I swear I'm gonna love you
forever
Now that we're together, everything can only get better
You bring the sunshine to my life

If you should find you need someone to
Just turn it in my direction and I'll do the same for you

And let me say from the bottom of my heart, I wanna
thank you
For making the sun come shining through

Now that we're together, everything can only get better
Now that you're around me, I swear I'm gonna love you
forever
Now that we're together, everything can only get better
Now that you're around me, I swear I'm gonna love you
forever

You bring the sunshine to my life
Keep bringing, keep bringing
Keep bringing your sunshine to me
Keep bringing, keep bringing
Keep bringing your sunshine to me

And let me ask you girl where would I be
Without you right here making the sun shine down on
me

Now that we're together, everything can only get better
Now that you're around me, I swear I'm gonna love you
forever

Now that we're together, everything can only get better
Now that you're around me, I swear I'm gonna love you
forever

Keep bringing, keep bringing
Keep bringing your sunshine to me
Keep bringing, keep bringing
Keep bringing your sunshine to me
