La la-la la-la la-la la-la la
La la-la la-la la-la la la la
La la-la la-la la-la la-la la
La la-la la-la la-la la la la la

I come to see you
Every night
All on my own
Nobody else
The way that you're dancing
The look in your eyes
How your body moves
Will hypnotise

I can't
Show my feelings
When I'm around you
But I can
Hide this secret secret secret
Like I do

I see the fire in your soul
And it drives me wild
The music's burning in my heart
I feel desire
When you dance I lose control
Cause you lead me on
To the point of no return
My secret love

La la-la la-la la-la la-la la
La la-la la-la la-la la la la

Underneath the moonlight
I imagine his kiss
All of my dreams
Start like this
I'm way downtown
I'm out of my depth
Why am I here
What do I say

But I can't
Fight my feelings
When I'm around you
But I can
Hide this secret secret secret
Like I do

I see the fire in your soul
And it drives me wild
The music's burning in my heart
I feel desire
When you dance I lose control
Cause you lead me on
To the point of no return
My secret love

La la-la la-la la-la la-la la
La la-la la-la la-la la la la
La la-la la-la la-la la-la la
La la-la la-la la-la la la la la

The way you move's so firey and strong
Dark latin heats me up as the beat goes on
Your moody stares send shivers down my spine
The more I watch the more my temperature climbs
And my secret shows

I see the fire in your soul
And it drives me wild
The music's burning in my heart
I feel desire
When you dance I lose control
Cause you lead me on
To the point of no return
My secret love

I see the fire in your soul
And it drives me wild
The music's burning in my heart
I feel desire
When you dance I lose control
Cause you lead me on
To the point of no return
My secret love

La la-la la-la la-la la-la la
La la-la la-la la-la la la la
La la-la la-la la-la la-la la
La la-la la-la la-la la la la la
