Stacey: You took me up, drew me in  
Like a moth to your flame  
Put your jinx in a deadly kiss  
Your body locked me down in chains.  
Rochelle: Didn't read the danger signs  
Til you crept into my mind  
Made me believe you were so in  
Love I was memorised

Boys: Fell down to earth now baby  
I heard my wake up call  
You're not a high I can't get off

All: Too little too late girl  
Didn't now what you had til its gone (Stacey: Don't tell  
me you're sorry now)  
Too little too late girl  
Can't get back what's already lost  
Now you're alone

Frankie: I still see your reflection in a corner of my  
head  
You're the tainted mirror image  
That my heart has to reject  
Stacey: So I've gotta keep my distance  
When you tell me you can change  
You can't burn me with  
The heart of your love  
Cause I've put it in the shade

Boys: Nothing you can do can phase me  
Since I got my wake up call  
You can't do your damage like before

All: Too little too late girl  
Didn't know what you had til its gone (Stacey: Don't tell  
me you're sorry now)  
Too little too late girl  
Can't get back whats already lost  
Now you're alone

Boys: Can't turn back the clock  
Can't make the moment stop  
And every time I look at you  
And hesitate  
I get a trigger in my mind  
That makes me rewind  
And remember how you blew my heart away
