Dreaming, Dreaming Dreaming

I've been dreaming about a place  
Where I can watch you smile as you let sunlight hit your  
face  
And sing if your happy  
Cry if your blue  
Eat if your hungry  
And love if your true

But baby there's heartache  
Roaming this world  
Something has gotten hold of us and baby we all hurt  
We all try to fight it  
And sometimes we win  
As long as your dreaming  
You're not giving in

We're Dreaming, yeah yeah yeah yeah  
all around the world now, all around the world  
Dreaming yeah yeah yeah yeah  
all around the world now, all round the world now

We all have been wondering  
If theres a plan  
Cause sometimes we find the cruelty  
too cruel to understand  
Honey we're dreaming and thats not a crime  
That wounds will be healed with the passing of time  
Tell me a story  
I'll sing you a song  
Lets make them be about a place where people can  
belong  
Baby there's nothing that I wouldn't do  
To bring them to life and to make them come true

We're Dreaming, yeah yeah yeah yeah  
all around the world now, all around the world  
Dreaming yeah yeah yeah yeah  
all around the world now, all round the world now

All around the world now  
All around the world now

I've been dreaming about a place  
Where I can watch you smile as you let sunlight hit your  
face  
And nothing can tear two people a part  
A place where its cool to open your heart

We're Dreaming, yeah yeah yeah yeah  
all around the world now, all around the world  
Dreaming yeah yeah yeah yeah  
all around the world now, all round the world now

We're Dreaming, yeah yeah yeah yeah  
all around the world now, all around the world  
Dreaming yeah yeah yeah yeah  
all around the world now, all round the world now
