I have to admit it's true my life would drown with you  
you're always around  
never make a bad sound i'm so pleased that i found  
you  
A friend like you that is always true no matter what i do  
everything depends on  
you  
I was only young so was you we went together like  
throat and tounge  
A friend like you that is always true no matter what i do  
everything depends on  
you  
I wanna tell you something now please stay around-d-  
d-d-d  
I wanna love you like a friend hope our friendship never  
ends  
A friend like you what is always true no matter what i do  
everything depends on  
you a friend like you that is always true no matter what i  
do everything  
depends on you
