It's hard to wake me in the morning
When the dark turns into light
Have you ever had the feeling
When the sun is just too bright

When I think of you
Just the thought of you
Takes control of me
And now everyday
I still feel the same way

Chorus
I come alive everytime I think of you
I whisper your name
I can describe every little
Thing that you do
Do you feel the same

Being around you so easy
It makes me happy in every way
When I come home in the evening
I can't wait for the next day

When I think of you
Just the thought of you
Takes control of me
And now everyday
I still feel the same way

Chorus

Let me tell you what I'm thinking
Cos I'm going to explode
Tell me do you feel the
Same way I do
Or am I on my own

Chorus x2
