Jay:

I just came to dance
I just came to dance
I just came to dance

Franx:

I see the DJ smile at me
But I aint livin in a fantasy
And the crowd pressin down on me
The music's takin them to ecstasy

All:

And they want love love love love love
And they want love love love love love

Aaron:

I need the music
They need romance
But I feel love every time I dance
The drum beat pulsing through my veins
And the rhythm's drivin me insane

All:

Cos when the music's right
It keeps you up all night
There aint to money that this honey can't buy
And if you want to be part of this fantasy
I'll guarantee that there's no one but me
Dancing to the music is all that I know
Just give me the dance flow baby
You can take it all
But leave me dancin at the disco

Jay:

I just came to dance
I just came to dance
I just came to dance

Rochelle:

I feel the bass fill the room
And now I'm dancing to my favourite tune

Stacey:

Oh when the rhythm

Pullin me on

Is tucked into me as he sings his song

All:

He sings of love love love love love

He sings of love love love love love

All:

Cos when the music's right

It keeps you up all night

There aint to money that this honey can't buy

And if you want to be part of this fantasy

I'll guarantee that there's no one but me

Dancing to the music is all that I know

Just give me the dance flow baby

You can take it all

But leave me dancin at the disco

Jay:

I just came to dance

I just came to dance

I just came to dance

I just came to dance

I just came to dance

Franx:

I see the DJ smile at me

But I aint livin in a fantasy

And the crowd pressin down on me

The music's takin them to ecstasy

All:

And they want love love love love love

Jay:

I just came to dance

All:

Dancing to the music- it's all that I know

Just give me the dance floor baby

You can take it all

But leave me dancin at the disco

Jay:

I just came to dance

All:

Dancing to the music- it's all that I know

Just give me the dance floor baby

You can take it all
But leave me dancin at the disco
