I thought I'd write it in a letter,
As I'm too shy to say to you I guess
I should have known better
But I don't know what else to do

Bridge

I'm on my way, no turning back so take
Me in your arms and then we'll be right on track

Chorus

I wrote these words to you to tell you
Just what you mean to me, I hope you
Like these lines cause I love you even
More than yesterday and all I say to you
Is true will you return to me I'll wait and
See cause all I need is you only you

Whisper:

(It's only you)

You held me through the stormiest
Weather you what I need to guide me
Through without you nothing else matters
You something I look forward to

Bridge

You make my day no holding back
So take me in your arms
And then we'll be right on track

Chorus

Whisper:

(It must be till it's true because for me there is only you)

Bridge

Chorus

Boy's: only you
Girls: it's only you
Boy's: only you

Girls:it's only you

(Repeat to fade)
