I might, act like I'm so insincere  
Pretend like I don't really care, girl  
You'd be right to, not believe a word I say  
I know, I've said this so many times  
I don't even know if there lines, girl  
You'd be right to not believe a word I say

I want to show what I'm thinking of you  
And you should be mine  
I want you, but I don't know how to begin to  
Open Up My Heart

And now, I feel I must try to explain  
Nothing I do feels the same, boy  
You'd be right to doubt the words I say  
But it's true no one makes me feel like you do  
The games I've been playing are through, boy  
Now it's time you believe the words I say

I want to show what I'm thinking of you  
And you should be mine  
And I want you, but I don't know how to begin to  
Open Up My Heart

They used to say he'll never change  
One day I'll prove them all wrong  
But I gotta let you know, oh, baby  
Gotta let you know

I want to show what I'm thinking of you  
And you should be mine (oh, I want to)  
And I want you, but I don't know how to begin to  
Open Up My Heart

And I want to show what I'm thinking of you (oh, yeah)  
I want you, (I want you girl, I really want you) (I need  
you girl, I really need you) but I don't know how to  
begin to (cause I w-w-want you, and I n-n-need you)  
I want to, (I want you girl, I really want you) (I need you  
girl, I really need you) show you what I'm thinking of  
you (cause I w-w-want you)
